2020 Business Report

Dear Shareholders,

In 2020, the Company's consolidated revenue was NT\$15,319,000,000, an increase of 12% compared to the previous year. The profit attributable to owners of parent was about NT\$1,309,000,000 and the earnings per share was NT\$3.2, an increase of 39% compared to the previous year. We achieve high revenue in 2020 despite COVID-19 pandemic because of the contribution from all employees and management and support from shareholders.

In terms of research and development, the cost of research and development in 2020 was about NT\$464,000,000, roughly equivalent to the previous year. The Company has mainly accomplished the function development of IoT, intelligent elevator system of E-Pass, destination level calling group-control system and high-speed elevators. This year, the Company will continue to develop disk permanent-magnet motor series, to develop absolute position APS in the hoistway and to develop high-speed elevators, etc.

As for the trend in 2020, due to the impact of COVID-19, global economic growth slowed down. Housing needs were low because of the epidemic but they have been gradually released along with the recovery of economic and social order. In 2020, Yungtay China received orders for 24,433 units of machines with a growth of 33%. Looking into the year of 2021, to respond to real estate bubble in China, the Chinese government actively and conservatively facilitates steady, healthy development of real estate market. Yungtay China will implement numerous operating styles flexibly, adjust the marketing organizational structure, expand innovative product series, and increase brand visibility via new media. It expects to reach the 2021-year order goal of 31,000 units and continue to boost market share. In Taiwan, thanks to low interest rates and return of Taiwanese business operators in 2020, the real estate transaction volume reached 326,000, the highest in seven years. Cash flow and low interest rates continue in 2021, the economy flashed a yellow-red light for the first time in ten years, indicating that the economic momentum exceeded expectation. However, there are some unfavorable factors, such as government policies on house flipping. In construction sector, labor shortage and labor and material hike are happening. Economy this year is expected to be stable and slightly improved. The Company carries out proactive marketing strategies, adjusts the product structure and promotes cost rationalization. In view of the above, the annual sales quantity for this year is expected to be approximately 19,970 units with a growth of 33% compared to the year of 2020.

Hitachi Group has acquired over half of our equity. Hitachi will strive for continuous development. Yungtay will develop social innovative businesses via environmental, social and economical values to contribute to better QOL and higher customer value. Lastly, may I extend our most heartfelt thanks to each shareholder and may you continue to spur us on.

Wishing you all the best of health and success in your endeavors.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders Yungtay Engineering Co., Ltd.

Opinion

We have audited the accompanying consolidated financial statements of Yungtay Engineering Co., Ltd. and its subsidiaries (the "Group"), which comprise the consolidated balance sheets as of December 31, 2020, and 2019, and the consolidated statements of comprehensive income, cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2020 and 2019, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China in 2020 and conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants, Decree of Jin Guan Jheng Shen No.1090360805 promulgated from Financial Regulatory Commission on February 25, 2020 and auditing standards generally accepted in the Republic of China in 2019. Our responsibilities under those standard are further described in the section Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audits evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition

Please refer to Note 6(20) to the consolidated financial statements for the details of the information about the sale of goods associated with elevators and related maintenance, which accounts for 94.22% of the total operating revenue.

The main clients come from construction industry, which have already signed the contract with regard to the sales of elevator and maintenance. The timing for revenue recognition lies in the point when the elevator is installed completely and are examined and qualified by the competent authority, and the maintenance is recognized over time followed by the designated service time in accordance with the contract. Since the timing for revenue recognition and correct attribution of revenue is subject to the significant judgment and decision from the management, it has been identified a key audit matter. Please refer to Note 4(20) to the consolidated financial statements for the details of accounting policy about the recognition of sales.

Our key audit procedures responded to the above area included: 1.obtained an understanding and evaluating of the implementation of internal controls over the recognition of sales revenue designed by the Company's management in order to evaluate the effectiveness of the related activity of internal control; 2.performed the cut-off tests to sales revenue, which is occurred in the specific period before and after

the balance sheet date as well as reviewed the material contracts to verify the correctness and reasonableness of the recognition of the sales of elevators, maintenance and repairs.

Evaluation of inventories

The carrying amount of inventories on December 31, 2020 was NT\$6,007,337 thousand, which accounted for 25% of the total assets in the consolidated balance sheet and could have a material impact on the consolidated financial statements. Inventories tended to be obsolete and caused damaged easily because of rapid development of technology in the production of elevator and uncertainty in the demand market. The estimate of net realizable value of inventories is subject to the management's subjective judgment. Consequently, the evaluation of inventories' measurement at the lower of cost or net realizable value, together with the provision of the allowance for the inventories decline loss, has been identified as a key audit matter.

Our key audit procedures performed in respect of the above area included: understood and tested the design and operating effectiveness of internal controls of inventories; obtained the evaluation data of net realizable value of inventories prepared by management; implemented the computation through the way of sampling to assure the correctness of the provision of the allowance for the inventories decline and verified and compared the contract price of recent actual sales to understood if there was any decline happened to the inventories. Moreover, observed year-end inventory physical count and executed sampling of inventory physical count to assess the adequacy of the methods used by management to identify and monitor if there was any obsolescent inventories.

Other Matter

We have also audited the parent company only financial statements of Yungtay Engineering Co., Ltd. as of and for the years ended December 31, 2020 and 2019 on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, of has no realistic alternative but to do so.

Those charged with governance (including members of audit committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence on the financial information of components constituting the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2020 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements for the year ended December 31, 2020. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Recognition of sales

Please refer to Note 6(18) to the parent company only financial statements for the details of the information about the sale of goods associated with elevators and related maintenance, which accounts for 99.52% of the total operating revenue.

The main clients come from construction industry, which have already signed the contract with regard to the sales of elevator and maintenance. The timing for revenue recognition lies in the point when the elevator is installed completely and are examined and qualified by the competent authority, and the maintenance is recognized over time followed by the designated service time in accordance with the contract. Since the timing for revenue recognition and correct attribution of revenue is subject to the significant judgment and decision from the management, it has been identified a key audit matter. Please refer to Note 4(18) to the parent company only financial statements for the details of accounting policy about the recognition of sales. Our key audit procedures responded to the above area included: 1.obtained an understanding and evaluating of the implementation of internal controls over the recognition of sales revenue designed by the Company's management in order to evaluate the effectiveness of the related activity of internal control; 2.performed the cut-off tests to sales revenue, which is occurred in the specific period before and after the balance sheet date as well as reviewed the material contracts to verify the recognition of the sales of elevators, maintenance and related products and services to be in the right time and reasonable.

Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, of has no realistic alternative but to do so.

Those charged with governance (including members of audit committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Parent company only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence on the financial information of components constituting the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements for the year ended December 31, 2020 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Lin, Seng-Ping and Chen, Jen-Chi.

Rules of Procedure for Shareholders Meetings

- Article 1: The "Rules of Procedure for Shareholders Meetings" is formulated pursuant to Article 5 of the "Corporate Governance Best-Practice Principles for TWSE/GTSM Listed Companies" for compliance in order to establish a strong governance system and sound supervisory capabilities for the company's shareholders meetings, and to strengthen management capabilities.
- Article 2: The shareholders meeting of the company is handled in accordance with the "Rules of Procedure for Shareholders Meetings."
- Article 3: Unless otherwise provided by law and regulation, the company's shareholders meeting is to be convened by the board of directors.

The company shall prepare electronic versions of the shareholders meeting notice, proxy forms, and the cause of action and explanatory materials relating to all proposals, including proposals for ratification, matters for deliberation, or the election or dismissal of directors, and upload them to the Market Observation Post System (MOPS) 30 days before the date of a general shareholders meeting or 15 days before the date of a special shareholders meeting. The company shall prepare electronic versions of the shareholders meeting agenda and supplemental meeting material and upload them to the MOPS 21 days before the date of the general shareholders meeting or 15 days before the date of the special shareholders meeting. In addition, the company, 15 days before the date of the shareholders meeting, shall also have prepared the shareholders meeting agenda and supplemental meeting materials and made them available for review by shareholders at any time. The meeting agenda and supplemental materials shall also be displayed at the company and the professional shareholder services agent designated by the company as well as being distributed on-site at the meeting place.

The reasons for convening a shareholders meeting shall be specified in the meeting notice and public announcement. The meeting notice may be given in electronic form with the consent of the addressee.

Election or dismissal of directors, amendments to the Articles of Incorporation, capital reduction, application for suspension of public offerings, directors' competition permission, capital increase from earnings, capital increase from additional paid-in capital, the dissolution, merger, or demerger of the corporation, and any matter under Article 185, paragraph 1 of the Company Act shall be set out in the notice of the reasons for convening the shareholders meeting. None of the above matters may be raised by an extraordinary motion; also, the main contents may be placed on the website designated by the securities authority or the company, and the address of the website shall be detailed in the meeting notice. The reason for convening the shareholders meeting is for the election of all board directors and the inauguration date

is indicated in the meeting notice. After the election in the shareholders meeting is completed, the scheduled inauguration date may not be changed in any way by a motion in the same shareholders meeting.

A shareholder holding 1% or more of the total number of issued shares may submit to the company a written proposal for discussion at a general shareholders meeting. Such proposals, however, are limited to one item only, and no proposal containing more than one item will be included in the meeting agenda. However, the shareholders' proposal that is to urge the company to promote the public interest or to fulfill its social responsibilities can be included in the agenda.

In addition, when the circumstances of any subparagraph of paragraph 4, Article 172-1 of the Company Act apply to a proposal put forward by a shareholder, the board of directors may exclude it from the agenda. Prior to the book closure date before a general shareholders meeting is held, the company shall publicly announce that it will receive shareholder proposals in writing or an electronic form, and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the general shareholders meeting and take part in the discussion of the proposal.

Prior to the date for issuance of notice of a shareholders meeting, the company shall inform the shareholders who submitted proposals of the proposal screening results and shall list in the meeting notice the proposals that conform to the provisions of this Article. At the shareholders meeting, the board of directors shall explain the reasons for the exclusion of any shareholder proposals not included in the agenda.

Article 4: For each shareholders meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by the company and stating the scope of the proxy's authorization. A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders meeting, and shall deliver the proxy form to the company 5 days before the date of the shareholders meeting. When proxy forms are delivered in duplication, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment.

After a proxy form has been delivered to the company, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to the company 2 days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.

Article 5: The venue for a shareholders meeting shall be the premises of the company, or a place easily accessible to shareholders and suitable for a shareholders meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the independent directors with respect to the place and time of

the meeting.

Article 6: The Company shall specify in its shareholders meeting notices the time during which shareholder attendance registrations will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations.

Shareholders and their proxies (collectively known as "shareholders") shall attend shareholders meetings based on attendance cards, sign-in cards, or other certificates of attendance. The company may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification.

The company shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

The company shall furnish attending shareholders with the meeting agenda handbooks, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of directors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders meeting. When a juristic person is appointed to attend as a proxy, it may designate only one person to represent it in the meeting.

Article 7: If a shareholders meeting is convened by the board of directors, the meeting shall be chaired by the chairman of the board. When the chairman of the board is on leave or for any reason unable to exercise the powers of the chairman, the vice chairman shall act in place of the chairman; if there is no vice chairman or the vice chairman also is on leave or for any reason unable to exercise the powers of the vice chairman, the chairman shall appoint one of the acting directors to act as chairman. If there is no acting director appointed, one director shall be appointed to chair the meeting. Where the chairman does not make such a designation, the acting directors or directors shall select from among themselves one person to serve as chairman.

When an acting director or a director serves as chairman, as referred to in the preceding paragraph, the acting director or the director shall have held that position for six months or more and who understands the financial and business conditions of the company. The same shall be true for a representative of a corporate director that serves as chairman.

It is advisable that shareholders meetings convened by the board of directors be chaired by the chairman of the board in person and attended by a majority of the directors, at least one independent director in person, and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes. If a shareholders meeting is convened by a party with the power to convene but other than the board of directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chairman from among themselves.

The company may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders meeting.

- Article 8: The company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote-counting procedures. The recorded materials of the preceding paragraph shall be retained for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.
- Article 9: Attendance at shareholders meetings shall be calculated based on the number of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chairman shall call the meeting to order at the appointed meeting time. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chairman may announce a postponement, provided that no more than two such postponements, for a combined total of no more than 1 hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one-third of the total number of issued shares, the chairman shall declare the meeting adjourned.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within 1 month.

When, prior to the conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chairman may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

Article 10: If a shareholders meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. Also, the relevant proposals (including extraordinary motions and amendments to the original motions) shall be voted on respectively. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the board of directors.

The chairman may not declare the meeting adjourned prior to completion of

deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chairman declares the meeting adjourned in violation of the rules of procedure, the other members of the board of directors shall promptly assist the attending shareholders in electing a new chairman in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chairman shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chairman is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chairman may announce the discussion closed and call for a vote with ample time for voting arranged.

Article 11: Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chairman.

A shareholder in attendance who has submitted a speaker's slip but does not speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chairman, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chairman may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chairman and the shareholder that has the floor; the chairman shall stop any violation.

When a corporate shareholder appoints two or more representatives to attend a shareholders meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the chairman may respond in person or direct relevant personnel to respond.

Article 12: Voting at a shareholders meeting shall be calculated based on the number of issued shares.

With respect to resolutions of shareholders meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of the company, that shareholder may not vote on that item, and may not exercise voting rights as a proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as a proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3% of the voting rights represented by the total number of issued shares. If that threshold is exceeded, the voting rights in excess of that threshold shall not be included in the calculation.

Article 13: A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under paragraph 2, Article 179 of the Company Act.

When the Company holds a shareholders meeting, it allows the shareholders to exercise voting rights by correspondence or electronic means. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; therefore, the company shall avoid proposing a motion or adjustment to the original proposal.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to the company 2 days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the company, by the same means by which the voting rights were exercised, 2 days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in the company's Articles of Incorporation; the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders.

At the time of a vote, for each proposal, the chairman or a person designated by the chairman shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the number of votes for and against and the number of abstentions, shall be entered into the

MOPS.

When there is an amendment or an alternative to a proposal, the chairman shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote; also, if one of them is passed, the other proposals will then be deemed rejected without the need of further voting.

The chairman shall appoint the vote monitoring and counting personnel for the voting on a proposal, provided that all monitoring personnel shall be shareholders of the company.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the number of votes, shall be announced on-site at the meeting, and a record made of the vote.

Article 14: The election of directors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by the company, and the voting results shall be announced on-site immediately, including the names of those elected as directors and the number of votes with which they were elected.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15: Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chairman of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in an electronic form.

The company may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS. The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chairman's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their results (including the statistical weight of shares); also, the voting right received by each director candidate in an election shall be disclosed. The minutes meeting shall be retained for the duration of the existence of the company.

Article 16: On the day of a shareholders meeting, the company shall compile in the prescribed format of a statistical statement the number of shares obtained by solicitors through solicitation and the number of shares represented by proxies, and shall make an express disclosure of the same at the place of the shareholders meeting.

If matters put to a resolution at a shareholders meeting constitute material information under applicable law or regulations or Taiwan Stock Exchange Corporation regulations, the company shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17: Staff handling administrative affairs of a shareholders meeting shall wear identification

cards or armbands.

The chairman may direct the proctors (or security personnel) to help maintain order at the meeting place. When proctors (or security personnel) help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

If a shareholder attempts to speak through any device other than the equipment prepared by the company at the shareholders meeting, the chairman may have such shareholder disciplined. A shareholder who defies the chairman's correction from violating the rule of procedure, obstructing the proceedings, and refusing to obey, the chairman may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18: When a meeting is in progress, the chairman may announce a break based on time considerations. If a force majeure event occurs, the chairman may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continuing use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders meeting to defer or resume the meeting within 5 days in accordance with Article 182 of the Company Act.

Article 19 These Rules and any amendments hereto shall be implemented after being resolved in the shareholders meetings.
